Linkemerg Landing page mockup

1. Linkemerg Medical ID will allow you to customize and manage your medical preferences along with instantaneously notifying your loved ones your status in an emergency. Customize your health preference and give your emergency professionals the visibility they need to better care for you. (*Your profile information will only be transmitted in an emergency, specifically to the first responder and the emergency room providers*).

   ● Real Time notifications of you status to loved ones
   ● Increase accuracy in caring your unique medical preferences
   ● Protect yourself and document special health directives (This bullet is hidden behind that background) Please rearrange it

2.
